How did you hear about our Homestay Program?

ADMINISTRATION OF THE HOMESTAY PROGRAM

Background check: If your application is approved, all household members 18 and older will be required to complete an "Authorization and General Release" form in order for us to run a background check. These background checks will be completed every two (2) years thereafter.

Nondiscrimination: As stated in LC STATE's Policy and Procedures Manual, "Lewis-Clark State College will not discriminate on the basis of race, color, religion, age, sex, national origin, disability, veteran status, or sexual orientation. This policy applies to all programs, services, and facilities, including applications, programs, admissions, services, and employment." Since the Homestay Program is an LC STATE program, hosts are required to comply by this policy. Failure to do so will result in your removal from the program.

Payments: While students may pay the host family directly, sometimes with sister school programs, other similar programs, or with particular students, LC STATE may pay the host family directly. All host families paid by International Programs must complete a W-9 and be registered as independent contractors by LC STATE.

Placements: If we have a placement for you, we will notify you with information about the student, and you can accept or decline the placement. Please understand that while we will make every effort

to accommodate your preferences, we cannot guarantee that we will always be able to do so. We ask that our hosts be open-minded towards all students and nationalities, just as we expect our students to be open-minded towards their American hosts. Refusals to host students of a certain nationality could result in your removal from the program.

Review: We will be periodically reviewing host files to ensure that we have the most up-to-date information and that the hosting environment continues to be satisfactory for both students and hosts. A review may include requesting a new application, background check, and/or another home visit. Host families are required to update us of any changes to the family or residence that may affect the student (including, but not limited to, new residence, new family member, new pet, etc.).

Taxes: All host families are responsible for any taxes arising from hosting international students and may need to seek advice from a tax specialist.

I understand that LC STATE acts only as an agent to bring students and host families together. I will not hold LC STATE or International Programs responsible for any problems arising between my family and the student(s). Even if a host is qualified and accepted by LC STATE, there is no promise or guarantee that a student will be placed with that host family. I also agree to uphold the rules and policies stated in the Host Family Handbook.
