

PSO Committees Handbook

Updated: Spring 2018

Process:

Early in the academic year, the PSO Chair is review the committee members list, and determine where new volunteers are needed. Typically, the best way to recruit representatives is to ask for volunteers, either through email or at a meeting (email is usually best). If not enough volunteers come forward, scan the list of PSO members (provided by the Digital Communications Officers) for good candidates and ask them personally.
