

# First Day of Semester Checklist

	<p>Once you've registered for classes, use this list to ensure that you are ready for your first semester at LC State!</p>
	<p>Make sure you know the name of your advisor and how to reach him/her (hint: <a href="#">Warrior Web Student Planning – Plan &amp; Schedule – Advising</a>).</p>
	<p>Arrange for delivery of your final high school transcripts, college transcripts, and/or AP scores to LC State.</p>
	<p>Find out what you will need to pay (<a href="#">tuition, fees, housing, meal plans, and parking permit</a>) and when it is due (hint: day five of each semester). Statements are posted to <a href="#">WarriorWeb</a> in July (fall) or January (spring).</p>
	<p>Touch base with the <a href="#">Financial Aid Office</a> – Let them know you have registered for classes. Make sure you have submitted any necessary documents they may need.</p>
	<p>Check your <a href="#">LCMail</a> account regularly. You may receive messages from a variety of LC State offices, even before classes begin. Respond to messages you receive.</p>
	<p>If you need to provide documentation of <a href="#">health insurance as a student athlete</a>, be sure to take care of this early. Ask your coach if you have any questions.</p>
	<p>Arrange <a href="#">housing</a> far in advance of the start of school. If you are on a waitlist, consider finding an alternative option as a backup plan.</p>
	<p>Get <a href="#">Microsoft Office</a> for free! Use your LCMail account to set up your account.</p>
	<p>Plan to attend <a href="#">Orientation</a>. You don't want to miss this event where you will meet your classmates, learn about LC State policies and processes, and acclimate to campus.</p>
	<p>Purchase all required <a href="#">books and supplies</a> before classes begin. Wait until you start classes to buy optional supplies...you will find out what you need once you attend each class.</p>
	<p>Planning to work while in college? There are employment opportunities both off and on campus for students. Check with the <a href="#">Student Employment and Career Center</a> for more information!</p>
	<p>Print out your class schedule during the week before you start classes. Up to that point, locations may still change. Go to <a href="#">Warrior Web - Student Planning – Plan &amp; Schedule</a>.</p>
	<p>Once you arrive on campus, use the <a href="#">campus map</a> and practice "walking your schedule", so you know how to get from one point to the next.</p>
	<p>Get lots of rest before your first week of school – it's usually exhausting!</p>
